- ½" Thick Cork Rolls ()Length: 6', New/Used: New

- ½" Thick Cork Rolls ()Length: 8', New/Used: New

Product Summary

Thickest and most durable natural cork available in continuous lengths. Will function especially well on your wall as a tacking surface, while adding sound control and thermal benefits. Great when using jumbo push pins, hanging pictures, posters, as a dart board backer and in high use areas.

Our cork roll is priced per roll. It is self-healing, high quality cork board facing grade material. Easy to cut & install. Design your custom size cork board or cork wall. Tremendous savings over store bought or custom made cork bulletin boards. We recommend gluing the cork directly to a sheetrock wall or if preferred, mount on a soft fiberboard substrate, plywood or Gypsum material.
